

VITA CHRISTMAS

Copyright © 2020 Vita Products, Inc - All Rights Reserved

The following narrative describes in detail Proprietary Technology/Intellectual Property that has successfully applied, with proven results, its scientifically developed plant formulations in the industries of Floriculture, Horticulture & Farming, Christmas, and Forestry, along with proving to mitigate Algae and Sargassum across lakes and oceans.

The ingenuity and innovative components comprising these formulations were developed over four decades by Plant Scientist, William L. Ruth, CEO of Vita Products, Inc. holding BS & MS degrees in Agricultural Economics and Plant Science from Arizona State University.

Mr. Ruth is retiring and has publicly announced that his plant formulations IP is available for exclusive purchase by an individual, corporate, or governmental entity, foreign or domestic.

The purchaser will acquire:

- The technology associated with each plant formulation specific to each industry;
- The services of the Contract Packager;
- Vita Products logos and package designs;
- Vita's trade secrets;
- Demonstratable profit margins ranging from 80%-98%;
- Inputs that do not change;
- **Vita's Christmas Tree & Wreath preservatives and Cut Flowers formulation that are the only organic formulations in the world that are USDA organic compliant.**

“William Ruth, Vita Products, Inc., has been the only scientist to develop a preservative that will allow the exchange of oxygen and liquids between the plant material it is applied to and the ambient air. His formulation through contact systemic action actually feeds the still living cut plant material with minerals and plant extracts that the plant material needs to continue living after it is cut.”

VITA CHRISTMAS IS LIFE TO TREES

AND FRESH TREES RESIST FIRE

- Retards Needle Drop for Longer Enjoyment;
- No Odor or Residue so the Smell of Pine Lingers;
- Not a Flame Retardant – So the Tree is Not Sealed;
 - Keeps Tree Moist to Resist Combustion;
 - Biodegradable and Environmentally Safe

Professional Concentrate Available in Gallons and Drums

VITA CHRISTMAS IS NOT A FLAME RETARDANT

Vita Christmas does not seal up the tree. By using it as a foliar spray to the point of runoff, it hydrates the tree through the needle surface and systematically hydrates by using this product in the water bowl. A moist tree will not support combustion; its moisture content has been shown to extinguish a fire.

VITA CHRISTMAS APPLICATIONS

- **Growers** – Spray on trees to the point of runoff before bailing to ensure freshness;
- **Wreaths and Garlands** – Dip in or spray on product to hydrate;
- **Retail Lot** – Spray on wreaths and trees once daily to maintain freshness. Sell 8 oz bottles of Vita Christmas to consumers to place in water bowl and spray on wreaths;
- **Consumers** – One 8 oz bottle of Vita Christmas makes 8 gallons of the product. Non-toxic to pets with a safety seal/no-leak bottle.

VITA CHRISTMAS FACTS YOU SHOULD KNOW

- Rated #1 by the Dover (PA) Fire Department in its Consumer Education Testing
- Major Wreath Makers in use Vita Christmas to Extend the Life of Wreaths and Holly

Market:

- Growers
